

**A place to collaborate.
A place to develop.**

With nearly 4,000 students in nine topic areas, the St. Pölten University of Applied Sciences is a key player in the Austrian higher education sector and one of the most important employers in the region. The St. Pölten UAS stands for unique creative possibilities as well as team-oriented collaboration and leaves room for individual development and personal growth. Staff members also profit from our European network within the context of the University Alliance E³UDRES²! The University of Applied Sciences is constantly growing. In the Department of Media and Digital Technologies, we are currently looking for an

Academic Director Joint Master Programme (f/m/d) (20h)

What you will be working on

- You manage a European Joint Master Programme.
- You are responsible for the establishment and further development of the degree programme in terms of strategy, content, and didactics.
- You responsible for personnel and budget management and ensure the programme's high quality.
- You represent and advertise the programme externally and cultivate contacts to the higher education institutions involved in the Joint Master, to businesses, and to the scientific community.
- You promote research and internationalisation and integrate research into teaching.
- You teach students, supervise final theses, and participate in the activities of the St. Pölten UAS' bodies.
- You develop the degree programme in consideration of the framework conditions of a European University.

What we expect from you

- Completed master degree or diploma studies in the STEM, social, or health disciplines, preferably PhD/doctorate
- At least 5 years of relevant professional experience with a clear reference to digitalisation and the social or healthcare system
- Expertise in the environment of European Universities and in the context of internationalisation in higher education
- Experience in the development of Joint Master Programmes pursuant to European accreditation procedures
- Leadership experience in research and teaching
- Very good oral and written English language skills
- Strong social competence, team spirit, strategic thinking, leadership competence, negotiation skills, and high willingness to travel

What we offer

- Long-term employment with many benefits, flexible working hours (remote work), free parking, etc.
- More free time for our staff: additional special leave days from 24/12 to 31/12 as well as on Good Friday
- Opportunity to actively contribute and implement own ideas in an innovative team
- A gross annual salary that takes your qualifications into account: € 81,200 (basis: full-time; all-in)

➤ Your application is this way!

For the St. Pölten UAS, the variety and diversity of its staff members is the key to innovation, success, and further development. Applications by qualified women are particularly welcome. In the case of equal suitability, we give precedence to applicants with a disability. We explicitly invite persons with a migration background to apply. We are looking forward to receiving your application!
